Merchants & Manufacturers

Who desire to attain the greatest publicity for their wares
among the business community,

Wholesale as well as Retail,

SHOULD ADVERTISE IN THE

JOURNAL OF COMMERCE,

which has now a *bona-fide* circulation extending regularly to

Every Town and Village

THROUGHOUT THE DOMINION,

From Newfoundland to British Columbia and Manitoba, besides a respectable proportion among
Merchants and Manufacturers in Great Britain.

This circulation is not confined to one or more hotels in each place, but is subscribed for in the regular way by each merchant and manufacturer. The JOURNAL OF COMMERCE is fulfilling its mission in supplying our Wholesale Merchants, Manufacturers, Insurance Companies, etc., with a **First-Class Commercial Journal**, having a circulation among the business men of Ontario, Quebec and the Maritime Provinces second to none; a circulation, too, which is daily increasing. The interests of our subscribers are continually borne in mind in furnishing them with the latest and most reliable information on all matters necessary to their business welfare, rendering it worth to each ten times the price of subscription. The growing demand for back numbers is a proof of its permanent value as a work of reference.

In bringing the NATIONAL ASSURANCE COMPANY OF IRELAND before the Public in the Dominion, it will be readily seen from the names of those who guide its fortunes, that it is second to none in stability, while its successful record, extending for SIXTY YEARS, proves the perfect security it offers to its Policy-holders.

FIRE RISKS accepted on all descriptions of Insurable Property, and the Premiums charged will be found to be as low as is consistent with safety, and as reasonable as those of other first-class companies.

Losses will be promptly and equitably adjusted by us, without reference to the Home Office.

Further information will be gladly furnished from our Office, or by any of the Company's Agents.

LACHINE.

(Incorporated in 1872.)

A town on the River St Lawrence and Island of Montreal, parish of St Michel, seigniory of Montreal Island, county of Jacques Cartier, district of Montreal. It is the summer residence of many Montrealers, and has become famous by its annual regatta. In the winter months it is greatly frequented by pleasure parties, and at all times of the year a drive from Montreal to Lachine by the Upper, and in by the Lower road, is considered a rich treat to the stranger, and even to the citizen of Montreal. Lachine possesses a large brewery, and an extensive sawmill; has a good local business and extensive lumber trade. The Montreal, Lachine and Provance Line railway here connects with a steam ferry, at all seasons of the year, for Caughnawaga, an Indian village immediately opposite, and thence by the continuation of the same road to New York. A ship canal connects the navigable waters at Montreal with Lake St Louis at Lachine. Great North Western Telegraph Co. have offices here. Distance from Montreal 9 miles, fare 40c., 25c., and 12½c. Mail twice a day. Population about 3,500.

LAPRAIRIE.

An extensive municipal village and parish on the south shore of the River St. Lawrence, between the Lachine rapids and Victoria bridge, district of Montreal, seigniory and county of the same name. Incorporated March 30, 1846. The parish was erected in the year 1722. A market is open every day. An aqueduct is being constructed. The first railway in British North America was constructed from here to St. Johns in 1836. It was first worked with horses, afterwards by steam, but was discontinued, and the rails taken up a number of years ago. A steamboat maintains regular communication between Montreal and Laprairie. A branch of the Grand Trunk Railway, starting at St. Martine, in the county of Chateauguay, to reach the Victoria bridge, now

runs in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality. Great North Western Telegraph Co. has an office here. Distant from Montreal 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of village 1,500; of parish 3,200.

of Montreal. The Lachine ca-
e south side, and signal sta-
Trunk Railway are situated
ons where the roads branch
st, and to Montreal and Lac-
Trunk Railway Co., with

aid of the Council of the Town, has erected
a splendid station, at the curve, near the
St. Joseph street bridge. The municipality
of St. Henry is governed by a Mayor and

Fire and Police force is maintained. The
town contains a new Roman Catholic col-
lege and convent, church and presbytery,
and several important industries, amongst
others two extensive tanneries, boot and shoe
factories, brick yards, the C. W. Williams
Manufacturing Co., employing 600 hands,
a cotton manufacturing Co., one of the
finest in the Dominion, and a public
Abattoir and stock yard Co., &c., &c.

the town bids fair to rise into some impor-
tance, having Fire and Police system of
alarm telegraph, and is now erecting a fine
Town Hall and Fire and Police Station, at
the cost of \$20,000. The town is now
lighted by gas and oil lamps. Distance

The course of studies, in which religious instruction holds the first rank, is divided into two sections—the classical and the commercial.

The classical course, principally taught in French, is designed to impart a thorough knowledge of the Greek, Latin, French and English languages and literature, pure and mixed mathematics, history and geography, philosophy and natural sciences, and whatever is necessary as a preparation for a professional career.

It comprises eight classes—Latin Element, Syntax, Method, Versification, Belles-lettres, Rhetoric, 1st and 2nd year of Philosophy.

The commercial course, principally taught in English, embraces the English and French languages and literature, mathematics and the other branches named above, moreover book-keeping, and whatever else may fit a young man for commercial and industrial pursuits.

There are, moreover, elementary and preparatory classes for younger students.

The system of education is paternal. The teachers endeavor to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the college, applicants must present a certificate of good character.

Monthly reports of behavior, application and progress are sent to parents or guardians.

None but relatives, or those who represent them, are allowed to visit the boarders.

Half-boarders and day scholars must absent themselves without previous leave from the College authorities.

The collegiate year is of ten months, beginning in the first week of September, and ending in the first week of July.

Terms per year.—Board and tuition, \$150.00; washing, \$20.00; bed and bedding, \$10.00; music lessons, \$25.00; use of the piano, \$5.00; drawing lessons, \$20.00. Half boarders, \$30.00; day scholars, \$30.00.

Payments, which are required in gold or its equivalent, and strictly in advance, are made in two instalments, 1st in the beginning of September, 2nd on the 1st of February.

The college will not take charge of providing a student with clothing or other necessaries unless a sufficient sum be deposited in the hands of the treasurer.

No reduction in the above-mentioned terms.

MAISON

ESTABLISHED 1760.

MEUNIER,

ESTABLISHED 1760.

CHOCOLAT LOMBART

75 AVENUE DE CHOISY, PARIS.

In 1760, under Louis XV, M. MEUNIER first established himself in the rue des Vieilles Etuves-Saint-Honoré, near to the *Croix du Trahoir*, now known as the *Fontaine de l'Arbre Sec*.

This quarter can boast of being the birthplace of the manufacture of Chocolate, in fact, it was here that a few years later an official of the household of Marie-Thérèse, wife to Louis XIV, obtained, by permission of the Queen, the monopoly of this industry, and introduced it in France.

In 1789, King Louis XVI appointed MEUNIER by Royal Letters Patent purveyor to H. R. H. Madame Victoire de France.

In 1804, Grimod de la Reynière, in his *Almanach des Gourmands*, endorses the immense reputation gained by the Maison Meunier; he says that he considers it "as one of the only two or three houses which manufacture good Chocolate," and in the edition of the same *Almanach* for the year 1807 he certifies that the Chocolat Meunier is very much superior to those manufactured either in Florence or the other towns of Italy.

In 1814, H. R. H. Madame la Duchesse d'Angoulême makes MEUNIER her purveyor by special appointment.

The prosperity of the house is continually increasing.

In 1852, the *Gazette des Hôpitaux* calls attention to MEUNIER by quoting a report of the Medical Faculty, which terminates as follows: "We judge the value of the Chocolate of the MAISON MEUNIER only by the results we have obtained by its use, and we recommend none other.

In short, from 1849 to 1880, this house has gained the following awards:

Paris Exhibition, 1849, 1855, 1867 and 1873, Bronze, Silver and Gold Medals.

1873, Vienna Exhibition, Medal of Merit.

1874, Marseilles Exhibition, Gold Medal.

1876, Medal, Centennial Exhibition, Philadelphia.

1876, Gold Medal, First-Class, of the Académie Nationale.

1878, Class 52, 2 Medals for Patent Machine for weighing and cooling Chocolate.

1878, Class 74, NOT IN COMPETITION, ONE OF THE JUDGES.

1879, Grand Diploma of Honor, Académie Nationale.

1880, Melbourne Exhibition, Australia, 2 First Medals. The Cross of the Legion of Honor.

On these recommendations the CHOCOLAT LOMBART rests its claim to the confidence and patronage of the public.

M. LOMBART, the proprietor of the MEUNIER MANUFACTORY, has for the last twenty-five years followed in the footsteps of his predecessor, and added to his business every improvement suggested by his long experience, aided by the advancement of science.

The works now in operation at 75 AVENUE DE CHOISY are the largest and most important in Paris.

The MAISON LOMBART imports Tea direct from China, and handles none but the choicest Black Teas, and of an extra quality.

Black Teas are the only Teas recommended by the Medical Faculty as conducive to health, for which see reports of Drs. TROUSSAUX and PAYEN.
